Universitas Tarumanagara

SMKN 1 Jakarta

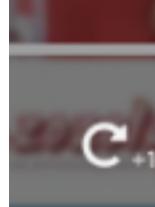

2013-2020

Belajar Dasar Pemrograman Web

May 2020

Dicoding Indonesia

Portfolios

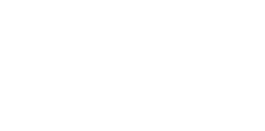

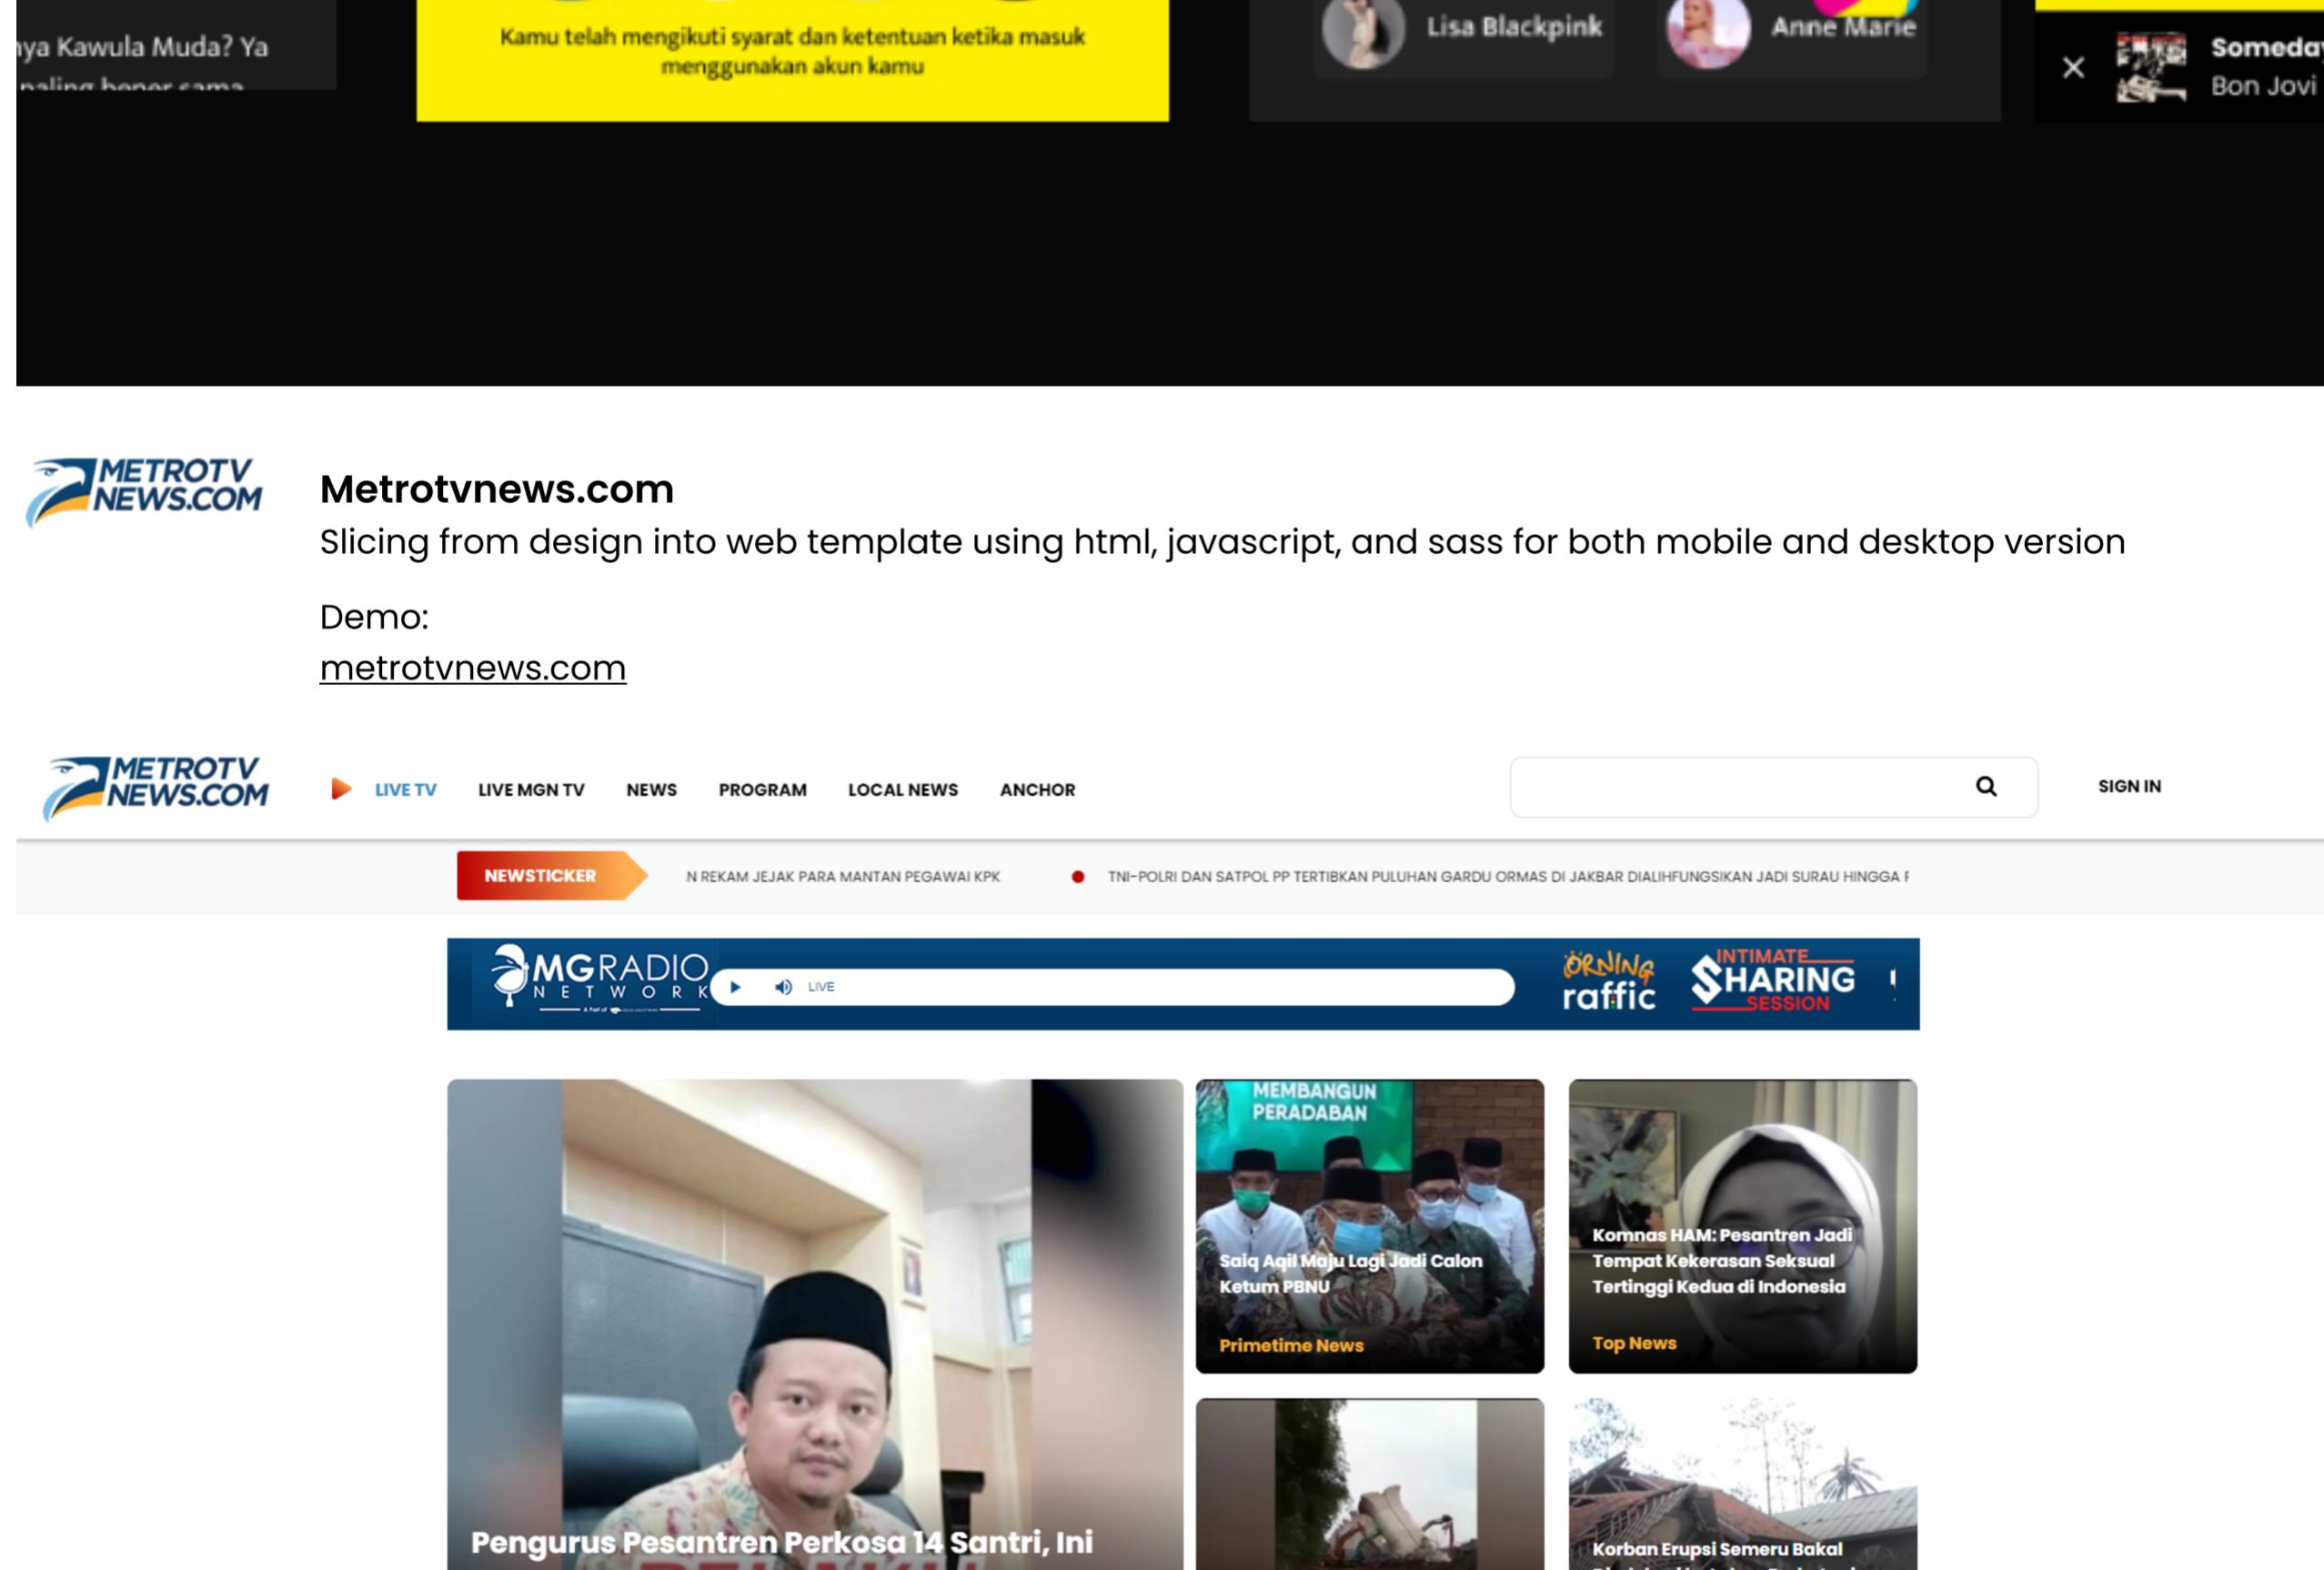

Prambors App

Revamp the appearance of the Prambors application from previously only having features for listening to the radio, now adding features to read news, listen to podcasts, and watch videos

Demo:

https://www.figma.com/proto/6pFfhJ5BlfvaSmKmvwK27k/Prambors?node_id=62%3A1930&scaling=min-zoom&page_id=0%3A1&starting-point-node_id=62%3A1930&showproto-sidebar=1

Metrotvnews.com

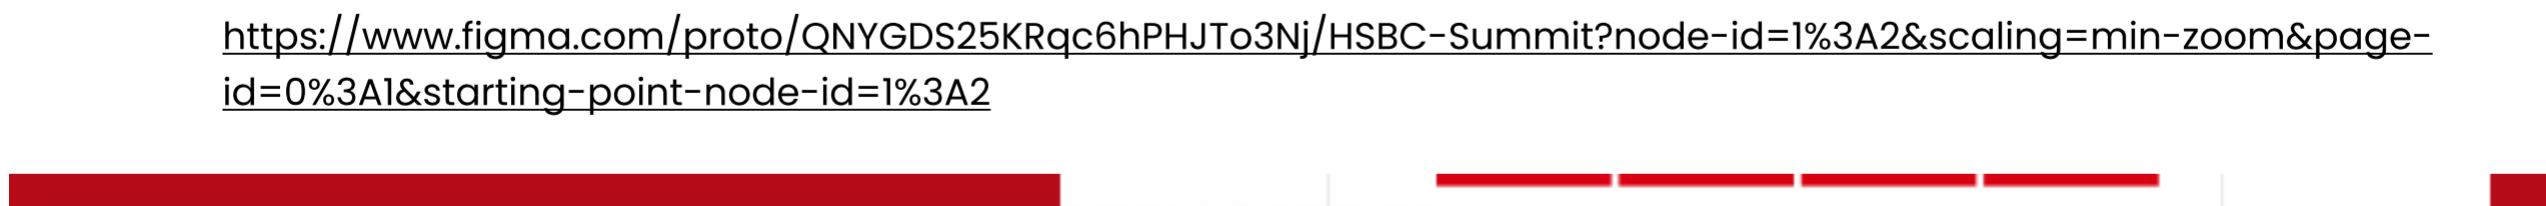

Slicing from design into web template using html, javascript, and sass for both mobile and desktop version

Demo:

metrotvnews.com

LIVE TV LIVEMGN TV NEWS PROGRAM LOCAL NEWS ANCHOR

HSBC Summit

In this project, I act as a designer. The interesting thing about this project is that I have to follow the design rules set by the HSBC design team, so that every component has the same design. I also design websites in two versions, namely the desktop version and the mobile version

Demo:

https://www.figma.com/proto/QNYGDS25KRqc6hPHJTo3Nj/HSBC-Summit?node_id=1%3A2&scaling=min-zoom&page_id=0%3A1&starting-point-node_id=1%3A2
